All food, beverage, catering and any other services for your function are subject to a taxable 20% service charge.

This service charge will be automatically added to your bill. As required by law, state sales and other applicable transactional taxes will be collected on the service charge. This service charge eliminates any need for tipping unless you wish to recognize exceptional service. When utilizing banquet services, sixty percent (60%) is distributed to captains, servers, bartenders and set-up personnel engaged in the function; thirty-five percent (35%) is allocated to administrative costs on which the hotel pays all applicable taxes; five percent (5%) is distributed to supervisory and catering/conference services personnel. New York State sales tax, currently at 7% will be added to all charges unless tax-exempt status has been approved.

(Service charges and tax are subject to change.)
